

## Q3 (July 2022 - September 2022)

Three Point Capital Corp. (Three Point) is a private Canadian non-bank mortgage lender providing mortgage financing in BC, AB, MB, and ON.

The introduction of the mortgage stress test in Canada, now coupled with rising interest rates to combat inflation, continues to significantly affect one's ability to qualify for traditional bank financing. Three Point Capital firmly believes that this tightening in traditional lending policy has moved more qualified borrowers towards non-traditional lenders such as Three Point. While this migration of higher credit quality borrowers represents an opportunity for Three Point, it also comes at a time where there is a degree of uncertainty surrounding future real estate values given the significant rise, and now cooling in home values across Canada. Disciplined lending and conservative loan-to-value ratios will help ensure Three Point continues to manage its portfolio with care.

Three Point delivered to its shareholders a net rate of return of 6.04% in 2021, slightly exceeding its target return of 6% for the year. A special top-up dividend was declared for all shareholders of record as at December 31st, 2021. The company continues to pay a dividend monthly and fully anticipates paying a top-up dividend to all shareholders of record on December 31st, 2022 to ensure dividends paid match the performance of the company. Three Point has delivered uninterrupted monthly dividends since inception.

92% of Three Point's portfolio is comprised of 1st position mortgages and 100% of Three Point's portfolio is secured against residential homes in marketable Canadian centers. The overall portfolio weighted average loan-to-value is only 52.8%.

(1) Net dividend yield for past years is the audited return net of all expenses and fees incurred by Three Point. The actual rate of return earned by each investor may depend on the timing of the investor's transactions and how they elect to receive the monthly dividend distribution. Past performance is not indicative of future performance. Please read the Three Point offering memorandum for important information, including a description of the risks, before investing.

(2) Monthly distribution increased from 5% p.a. to 5.5% p.a. on September 30, 2022.

Portfolio

Licensed Realtor with Royal LePage Kelowna.

**Allison Strobele, BSME** Director  
Regional Director, Xylem Inc.

# Protection When Values Drop

Investing in real estate offers security, but owning it can be risky when markets soften. MIC investing offers downside protection relative to an equity investment when real estate values decline. We lend, on average, 55-58% of the value of a home, so a modest drop in housing values pose minimal risk of loss.

# Policy & Risk

- Independent appraisal required on every mortgage prior to funding.
- Assertive enforcement procedures with borrowers when required.
- Thorough review at time of renewal.
- Board of Directors that approves any mortgage exposure over \$1.25 Million.
- Underwriting Risk Policy & Procedure Manual.
- Maximum Loan-To-Value is 75% (current average LTV is 52.8%).

**6.04% 2021 DIVIDEND**

6.28% (2020) ,7.03% (2019)

**MONTHLY DIVIDENDS**

Paid Monthly + Annual Top-Up

**MONTHLY LIQUIDITY**

First of Each Month

**\$173 MILLION**

Total Portfolio Size

## How to Invest

We are pleased to introduce Three Point Capital Wealth Management (TPCWM), a company related to Three Point, and launched in order to help investors learn about and invest in Three Point.

Registered as an exempt market dealer in BC and Alberta, TPCWM works with investors to determine if a new or additional investment in Three Point may be right for them.

Take a look at our website for more information on TPCWM and how to invest in Three Point. As always, we encourage you to read the Three Point offering memorandum for valuable information before considering an investment.
